WHAT IS MYBLUEPRINT?

MyBluePrint is an online Education and Career Planner that is available and accessible by all Vanier students. Students can take learning style, personality and interest assessments to learn more about themselves as well as to guide them to different career and education opportunities.

Students can plan their high school courses, and investigate post-secondary, career, job and volunteer opportunities. They can also create/plan budgets, build career portfolios and resumes.

The purpose of myBluePrint is to support students in thinking about and planning for their futures to help drive them to increased success school.

ACCOUNT CREATION

Parents and students can create accounts and start exploring all the options that are available and start planning for the future.
