

Dear parents/guardians:

It is an exciting time as we will soon be in the thick of our preparations for the Moose Jaw band and choral festivals and as we prepare for the trip to Edmonton in May to work with skilled directors and clinicians.

We have an excellent fundraising opportunity available to students who wish to help subsidize the cost of their trip. Students have the option to participate in a QSP popcorn fundraiser. *From Farm to Table* popcorn (www.fromfarmtotable.ca) is great organic, gluten & peanut-free, Ontario-grown snack available in four flavours: white cheddar, dill pickle, kettle corn, and butter & salt. The popcorn is supplied in carry-bags of twenty 23g packets. Students will sell the individual packets to friends and family at \$2 per unit. The student will keep 50% of the profit which will be credited to their trip balance. **Students are responsible for selling all product they order and cannot return unsold popcorn.** Please only order the number of carry-bags you are committed to selling. Please see the attached information sheet.

Popcorn orders must be in by February 7th. A sign-up sheet will be posted in the rehearsal hall on which students can specify how many carry-bags they wish to order. Students will be notified when orders arrive (approximately February 15th) and will have until **February 28th** to sell, on which date fundraising will be due.

Sincerely,

Carter Powley

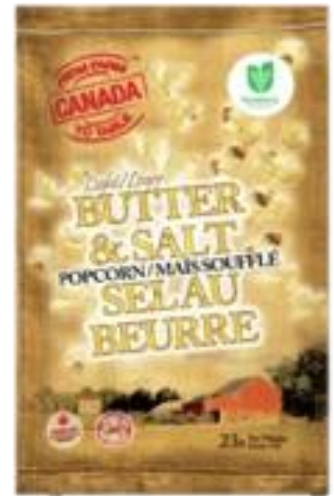

Interim director of bands and choirs

FROM FARM TO TABLE POPCORN

- Variety Carry Bag = 20 individual snack bags (5 of each flavour)
- Each Snack bag = \$2, therefore each Variety Carry Bag = \$40
- Profit 50%, ie. profit per Variety Carry Bag = \$20 (therefore cost of each Variety Carry Bag is \$20 taxes in.)
